

East New Orleans Business Development District, Inc.

MEMBERSHIP LEVELS

The East New Orleans Business Development District (ENOBDD) was established in 2013 to advance economic growth, attract investments and create new business development opportunities in East New Orleans. The organization assists in the facilitation of infrastructure improvements, façade enhancements and blight removal; provide advocacy in public and political issues that impact economic development throughout East New Orleans; connects business owners to technical assistance and business educational offerings as well as access to finance among its many public, community and financial partners.

The East New Orleans Business Development District has established a strong track record over the past three years of galvanizing the community to influence positive change. We are a coalition of Eastern New Orleans business owners, civic leaders and stakeholders united to develop comprehensive strategies utilizing the existing unparalleled community assets, organizations and people that make East New Orleans a great place for business.
